Common questions

Do I need to pass AMC Part 1 first?
Yes. You become eligible for the clinical examination after passing the MCQ exam.

What happens in a station?
You have two minutes to read the scenario and tasks, then eight minutes to complete them, such as taking a focused history, examining, explaining a diagnosis or counselling a patient.

Is there an alternative to the clinical exam?
Some doctors take the workplace-based assessment instead, which assesses performance over time in an accredited workplace.
